

# Esports Summer Camp

**Esports Camps at the Novi Athletic Club** offer fun ways to learn and grow in all areas of Esports. Designed for boys and girls **ages 7-14** to work with Esports Gamers to improve their skills and connect socially with other gamers who enjoy the same games. Gamers will work on in-game strategy, in-game communication as well as compete in a variety of Tournaments to take their game to the next level. Gamers should bring water and snacks for a mid-camp break. Gamers can also bring their own peripherals if desired. If campers have their own log-in, please bring the email, username and password.

**BRAND NEW** in 2023 is our **Code and Gaming Camp**, where your camper will engage in learning both Scratch and Python. An introduction to coding with our partners at **Accelerate KID**, instructors introduce Scratch and Python, kid friendly coding languages. Similar to working with Virtual Legos, kids will focus on the fundamentals of coding. Campers should bring a Notebook and Pencil, snack and water bottle.
